

# Explore the Outer Solar System!

Teachers, students, and community members from Gilchrist, Sunriver, Bend, Sisters, Redmond, Madras, and Culver have joined a network of 55 communities involved in RECON – a study of the outer Solar System.

Please join us to learn more about this unique citizen science opportunity!

**Sunday, January 17**

**Oregon Observatory**

57245 River Road in Sunriver, OR

4-7PM RECON Telescope Session

7-8PM Public Talk by Cal Poly Professor John Keller

Event Information – [tnorecon-org@mailman.boulder.swri.edu](mailto:tnorecon-org@mailman.boulder.swri.edu)

Project Information – <http://www.tnorecon.net>

The logo for RECON features the word "RECON" in a bold, sans-serif font. The letter "O" is replaced by a dark grey circle containing several thin, parallel lines in blue, red, and yellow. To the left of the text is a black silhouette of the state of Oregon, with a white dotted line representing a star trail or constellation path. Three white lines extend from the bottom left of the Oregon map towards the "O" in the logo.
